SunView APP

Mobile Surveillance Client App

System Overview

SunView APP, a security camera app both for iPhone and android, enhances security by providing administrators the flexibility to monitor the live video from network cameras and NVRs via wireless network.

With this app you can connect SunView devices through the network and play live and recorded video, control PTZ cameras, receive alarm notifications, manage devices, and start two-way audio on a mobile device.

Main Function

- ➢ Cloud account management
- ➢ Support 1/4/9/16 live split
- ➢ Support H.265/H.264 decoding
- ➢ Support alarm push with video
- ➢ Favorites
